

UNIVERSITY OF ILLINOIS
AT URBANA-CHAMPAIGN
RAILROAD ENGINEERING PROGRAM

Teaching and Research Position in Railroad Engineering

UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN (UIUC). The Department of Civil and Environmental Engineering at the University of Illinois at Urbana-Champaign invites applications for a full-time Lecturer in its railroad-engineering program. The successful candidate should have excellent potential for teaching and be able to contribute to a high-quality research program in railroad engineering. The successful candidate will work with the Director of the Railroad Engineering Program conducting and coordinating research, serving as a liaison with railroad industry and government personnel and organizations, developing and teaching classes in railroad engineering and encouraging and supporting student interest in the subject.

An earned M.S. and/or Ph.D. in a pertinent field of science or engineering is required. Salary is open and based on qualifications. The starting date is negotiable, but is preferred to be June 2007. To ensure full consideration, applications must be received by March 16, 2007. Interviews of promising candidates may be conducted before the closing date, but the final decision will not be made until after that date. All applications should be submitted electronically (paperless process) as a single PDF document to: <cee-searches@uiuc.edu>. Electronic applications should include a cover letter describing the principal expertise of the applicant, experience and motivation for interest in the position, a statement of teaching and research interests and experiences, and a complete resume including educational credentials, employment history, a publication list, and the names and addresses of three references.

The cover letter should be addressed to Professor Robert H. Dodds, Jr., Head, Department of Civil and Environmental Engineering, 1114 Newmark Civil Engineering Laboratory, 205 North Mathews Avenue, Urbana, IL 61801. Telephone: 217-333-3814. Information about the department may be found at our website at: <http://cee.uiuc.edu>; information about the UIUC Railroad Engineering Program at: <http://sftp.cee.uiuc.edu/research/railroad/>. The department is committed to building a diverse environment; minorities, women, and other designated class members are encouraged to apply. The University of Illinois is an Affirmative Action/Equal Opportunity Employer.
